The Virtual Dementia Tour[®]

***Right at Home invites you to join us on an emotional journey to experience the realities of life for
persons living with Alzheimer's disease and dementia.***

After experiencing this sensory training, you will understand the overwhelming effects of the aging process when combined with Alzheimer's disease or dementia. This life-changing workshop can also help you make better caregiving and health care decisions by knowing what your loved one may be coping with on a daily basis. We are confident that the Virtual Dementia Tour[®] will provide you with a greater sense of the struggle people with dementia feel on a daily basis. Come and experience the challenges for yourself.
